

CORPORATE COMPLIANCE AND CODE OF ETHICS

REVISED FEBRUARY 2024

SHORE

**MEDICAL
CENTER**

Our Passion Makes Us The Best

Dear Colleague,

At Shore Medical Center we are passionate about providing the most advanced, high quality healthcare available to our patients. It is important that this care is delivered in an ethical manner that is in compliance with all applicable laws, government regulations, third-party payor requirements and our own policies and procedures.

To ensure that we fulfill our longstanding commitment to compliance, I strongly encourage all of our Board members, leadership, physicians, employees and other stakeholders to abide by Shore's Compliance Program. Key elements of our Compliance Program – such as the *Code of Ethics*, our compliance policies, procedures and guidelines – are regularly reviewed and enhanced to meet the on-going challenges associated with changes to compliance requirements, rules, and regulations.

I am pleased to share with you the latest edition of our *Code of Ethics*. It reaffirms the values and ethical standards that have always existed among everyone associated with Shore. I encourage you to use the *Code* as a reference guide. It is intended to supplement, but not replace, the Employee Handbook and our existing policies, procedures and guidelines. For further details and links to our Code of Ethics and Corporate Compliance Policies, please visit our Corporate Compliance and Ethics website at **shoremedicalcenter.org/corporatecompliance**.

Our continued success requires the active participation of every individual associated with Shore. If you know or suspect that a law, regulation, policy or our *Code* is not being followed, you **must** report this information. Fred Cantz, our Chief Compliance Officer and our toll-free Hotline are available to assist you to carry out your compliance responsibilities. The Hotline operates 24 hours a day, 7 days a week, 365 days a year. Reports can be made anonymously, either online or via telephone and there will be no retaliation against anyone who reports concerns in good faith to any member of the management team, the Compliance Officer, Human Resources or the Hotline at 1-800-700-5420. The dedicated webpage to report a concern may be accessed at:

<https://secure.ethicspoint.com/domain/media/en/gui/78915/index.html>

Shore's many stakeholders join me in pledging our full commitment to upholding the *Code of Ethics* and the Compliance Program. Your support of these compliance efforts will ensure that we uphold the highest standards in our pursuit of excellence, making Shore an organization that we can all truly be passionate about.

Sincerely,

Ron Johnson
CEO

INTRODUCTION TO THE CODE OF ETHICS

Shore Medical Center is committed to providing the highest quality services to our patients in an ethical, legal, responsible and respectful manner. We are also committed to providing all services in full compliance with all applicable laws, regulations and guidelines, as well as our own policies, procedures and guidelines. We are particularly sensitive to those requirements applicable to Federal health care programs and the submission of accurate billings.

Our *Code of Ethics* is based on the principle of compliance with all laws and regulations affecting our services and on abiding by standards of integrity, honor and concern for others. These standards are the foundation upon which our day-to-day operations exist. Every principle in the Code is part of our longstanding policy and practice.

The *Code of Ethics*, as well as all applicable laws, regulations, business standards, policies or procedures, must be observed by everyone: employees, contract labor, physicians, members of the Board of Trustees, volunteers, and anyone else engaged in our work environment or acting on behalf of the organization.

No one, regardless of position, will be allowed to compromise adherence to the *Code*, laws, regulations, business standards, policies, procedures or guidelines. Failure to comply can result in serious damage to our standing in the community and/or regulatory action against Shore, individual employees or others acting on behalf of the organization. This may result in corrective action up to and including termination, separation or sanctions.

If you have any questions about the *Code of Ethics* or about any of our policies, procedures and guidelines, you should raise the question with your management team, the Compliance Officer, or Human Resources. Management has been charged with the obligation to be available and responsive to employees when questions arise about adherence to the *Code*. Anyone who is not satisfied with the response received from management concerning application of the *Code* is invited to continue raising their concerns to the highest level of management.

The *Code of Ethics* is intended to ensure that we meet our compliance goals in today's highly regulated health care and business environment. The *Code* provides general guidance, but it does not replace our policies procedures and guidelines. If there is no specific policy, the *Code* becomes the policy. If a policy and the *Code* conflict, the *Code* becomes the policy.

The *Code* is a living document. It will be updated periodically to respond to changing conditions. Thus, Shore reserves the right to modify or terminate any or all of these provisions at any time.

A copy of the Code and other useful information is available on the Shore Corporate Compliance and Ethics website:

FOUR-STEP COMMUNICATION AND REPORTING PROCESS

If you have a question or concern about an activity being unethical, illegal, or wrong, use the following process to answer questions and report concerns. Throughout this process your identity will be kept confidential to the extent permitted by law.

1. Talk to your supervisor. He or she is most familiar with the laws, regulations, and policies that relate to your work.
2. If you are not comfortable contacting your supervisor, or if you don't receive an adequate response, talk to another member of the management team. You may also choose to speak with someone from Human Resources.
3. If you have followed either #1 or #2 and still have questions, contact Fred Cantz, our Compliance Officer at 609-653-3639.
4. If for any reason you feel you cannot follow the above steps, or don't want to give your name, call the Hotline at 1-800-700-5420. The Compliance Officer will address all reports to the Hotline.

HOTLINE: 1-800-700-5420

We recognize that there are times when questions or problems cannot be addressed through the normal communication and reporting process. When this happens, you should use the Hotline. We have hired an outside company to take Hotline calls, so callers who do not wish to give their names can remain anonymous. The Hotline is available at any time: 24 hours a day, 7 days a week, and 365 days a year. The Hotline operators are trained to assist you in resolving questions and reporting concerns. The Hotline may be reached at 1-800-700-5420 (English), 1-800-297-8592 (Spanish). Additionally, a dedicated webpage is also available to report an issue or concern and may be accessed via the following link:

<https://secure.ethicspoint.com/domain/media/en/gui/78915/index.html>

Calls regarding Patient Privacy issues or matters that pertain to suspected or potential identity theft should be directed to the Privacy Officer, who may be reached at 609-926-4300 or the HIPAA Hotline, whose operators may be reached at 1-866-314-4722.

Calls or web-based reports made to the Hotline will not be traced or recorded. You will remain anonymous, unless you choose to identify yourself. If you do give your name, your identity will be protected to the extent allowed by law. No disciplinary action or retaliation will be taken against you for calling or reporting an issue using the Hotline or reporting via the web site.

All calls or reports made to the Hotline will be reviewed by the Compliance Officer and will be responded to fairly. All claims will be carefully investigated before any action is taken. The rights of all staff, including anyone who is the subject of a Hotline report, will be respected and protected. Actions taken will not be made public.

NON-RETALIATION POLICY

No disciplinary action or retaliation will be taken against you when you report a perceived issue, problem, concern, or violation to management, Human Resources, the Compliance Office, or the Hotline “in good faith”. “In good faith” means that an employee actually believes or perceives that the information reported is true. We value and respect the dignity of the individual. You have the right to be treated fairly and with respect and the organization must make sure that you are treated that way.

All employees are expected to follow all laws, regulations, and policies. Anyone who knows about a violation **must** report this information immediately. All individuals are expected to follow all laws, regulations, and policies. Anyone who knows about a violation **must** report this information. If you do not report a violation, you may be held accountable even if you were not directly involved.

You have the obligation to ensure that you:

- Know about and follow all laws, regulations, and policies within the scope of their responsibilities;
- Know the procedure for reporting suspected or actual violations;
- Encourage others to ask questions and to report actual or suspected violations; and
